

XII International Conference on Vibrations at Surfaces (VAS 12) Erice (Italy), July 20-26, 2007

The International School of Solid State Physics at the Ettore Majorana Foundation & Centre for Scientific Culture at Erice, Sicily, will host the 12th International Conference on Vibrations at Surfaces. The Conference will bring together experienced and young researchers as well as students working in surface vibrational spectroscopy, surface dynamics and in the development of new techniques for the understanding of the vibrational properties of surfaces and interfaces which are relevant to the fields of physics, chemistry, biology and engineering.
